THIRD LYNCHING WITHIN TEN DAYS

Negro Lynched Near St. George, South Carolina.

DID NOT PROTEST INNOCENCE

Caught Trying to Enter White Man's House, Negro Is Jailed—Securing Keys of Sheriff, Posse Enters the Jail and Lynch the Negro.

Columbia, S. C, Aug 25.—Willie Spain, a North Carolina negro 21 years of age, was shot to death by a mob near St. George, Dorchester county, Thursday afternoon.

This is the third lynching in South Carolina within ten days.

S. L. Connor, manager of the Dorchester Lumber company's stores at Badham, was notified by a negro that he saw another negro attempting to enter a window of his home and then ran away into a nearby cane patch. Connor immediately started for his home, going through the cane field. He suddenly came upon Spain. He grappled with the negro, striking him a severe blow, breaking several bones in his hand. The negro finally freed himself, and ran into nearby woods.

Connor then notified his neighbors and a search was begun.

About wo hours later Spain was captured in a negro cabin not far distant. He was brought to St. George and turned over to Sheriff Limehouse, who locked him up in jail. Shortly afterwards a posse of forty or fifty men went to the sheriff and demanded the keys of the jail. Securing the keys, the jail was unlocked and the negro taken to the house of Connor, where his 11-year-old daughter, who was alone in the house, positively identified the negro as the one who tried to climb through the window, but was frightened away by her screams.

The negro did not protest his innocence, but admitted that he had gone to the residence with the intention of entering it, but for what purpose he did not say.

The mob then took the negro to a nearby oak tree, strung him up to a limb and shot about 500 shots into his body. The negro's head and body were shot literally to shreds.

After the sheriff had surrendered to the mob he telegraphed Governor Heyward of what had happened. The governor at once wired the officer to use all means to prevent a lynching, but it was too late, as the mob lost no time in dispatching the negro.

After finishing its work, the mob dispersed and all is quiet at the scene of the lynching.

Dr. Cooper Yields to Death.

Atlanta, Aug. 25.—Dr. Hunter P. Cooper, one of Atlanta's most prominent physicians and surgeons, died Friday morning at 5:30 o'clock at his residence. Dr. Cooper had been ill for just three weeks and succumbed to an attack of meningitis, complicated with affection of the kidneys and intermittent attacks of hiccoughs. Several times during the illness the wonderful strength and vitality of Dr. Cooper caused gratifying rallies, which gave to his atending physicians renewed hope. The combination of diseases was, however, too much for even his iron constitution, and he sank painlessly into death early Friday.

Charged with Abduction.

Evansville, Ind., Aug. 25.—Ernest Tankesly, of Bedford, Ind., and Miss Nellie Rainey, a school girl of Helsonville, Ind., a small town near Bedford, were taken to Bedford by Bedford officers who came after them. Though the present charge against Tankesly is the abduction of Miss Rainey, the police will seek to learn if he has any knowledge as to who murdered Miss Sarah Schaefer, the young school teacher, killed more than two years ago and whose slayer is still unknown to the police.

Three-Pound Baby Born at Meridian.

Meridian, Miss., Aug. 25.—A three-pound baby boy was born Thursday to Mr. and Mrs. W. E. Hornton of West End. The mite is perfectly formed and is doing developed.

REVOLUTION IN CUBA.

Government Forces Now Fighting Rebels Near Havana

New York, Aug. 25.—A cable dispatch to a morning paper from Havana says:

The government forces under Colonel Estrampe are now in a fight with the rebels at Guines, 45 miles from the city of Havana.

It is officially stated that the government will pay $2 a day to volunteers.

Senator Mora Compos Marquiti has joined the revolutionists.

A special correspondent at Pinar del Rio reports that Pino Guerrar with 2,000 men is waiting for the arrival of more troops before attacking the city. Two thousand more rebels are marching to join him, and when they arrive he will attack the city from all sides.

Guerara is in full possession of San Luis and San Juan. He has not disturbed this municipality and permitted no rural guards to march out of the latter place unmolested.

With the artillery which was forwarded last night the government expects to have 900 men at Pinar del Rio today when a decisive battle is expected.

It is thought that Pino Guerara will win.

It is believed that the death of the negro general, Bandera, will inflame the Santiago negroes. The correspondent talked with Guerara who says he will march on Havana after taking Pinar del Rio.

Jose Miguel Gomez, who was a candidate for the presidency last fall and who was arrested Aug. 28, at his residence near Sancti Spiritus, province of Santa Clara, arrived here from Batabano on a special train early this morning and was escorted to the city jail before his arrival in this city became known.

Battle Near San Juan Hill.

Tampa, Fla., Aug. 25.—It is reported here that an encounter had taken place near San Juan hill between the government forces under Lieutenant Azcuy and the insurgents Friday, with the tide in favor of the latter. The force of insurgents is reported as operating around Santiago. Many people are disappearing at the town of Guanajay and it is believed that they are joining the insurgents. The Cubans here are very uneasy over the resignation of Secretary of State Ofarrell, fearing this may aid the insurgents. Efforts are being made to trace an American woman here, in whose room in the Hotel Leal Havana a plot to assassinate Palma was hatched, it being thought that she had fled and was in hiding in Tampa.

SMITH CARRIED 122 COUNTIES.

Votes in the Convention Now Have Reached 314.

Atlanta, Aug. 25.—Latest revised returns from the state primary shows that Hoke Smith carried 122 counties out of 145 in the state.

This gives Mr. Hoke Smith 314 votes in the convention, where only 184 were necessary to a nomination on the first ballot.

Clark Howell carried seven counties with 14 votes; Russell carried 9 counties, with 18 votes; Estill carried 4 counties, with 12 votes, and Jim Smith, carried three counties, with 6 votes.

Late Thursday afternoon the official vote in White county, which had previously been placed in the Russell column, gave the county to Hoke Smith by a handsome plurality.

Depositors Will Get 20 Per Cent.

Chicago, Aug. 25.—Receiver Fetzer, of the Milwaukee Avenue State bank, sent out Thursday 5,000 notices to depositors to call at the bank and get a 20 per cent dividend on their deposits. On account of the difficulty of handling such a crowd, the receiver decided not to send notices to all the 22,000 depositors at the same time, but to pay them off in divisions of 5,000 each.

No New Yellow Fever Cases.

New Iberia, La, Aug. 25.—The following is Dr. Irion's statement on the yellow fever situation here: "Situation unchanged; no new cases. Sanitary work progressing rapidly. Source infection not discovered. (Signed) C. H. Irion, president of the state board of health."

ALLEGED ASSAILANT IS SPIRITED AWAY

Another Negro Being Chased By Posse.

CROWD GATHERS AT RESIDENCE

It Was Reported Friday Morning that U. S. Soldiers at Fort McPherson, Might Be Called Out to Protect Negro, But This Was Denied.

Atlanta, Aug. 25.—One negro, answering the description of the assailant of Miss Ethel Lawrence, was captured late Thursday afternoon at Montreal, and was kept during the night in the convict camp near Decatur. A posse is following the trail Friday of another negro near Ingleside.

The negro captured at Montreal was taken from the convict camp early Friday morning in charge of Officer Holbrook and carried to the DeKalb county jail. Later he was placed in a covered wagon and started to the woods and the crowds which had been gathering near Decatur lost track of him. Some though, the negro was being brought to the Fulton county jail, while others believe he is being kept in hiding somewhere in the woods by the officers to avoid a lynching.

A squad of about ten mounted police left headquarters early Friday morning and went toward the Lawrence home in order to be on hand in case of trouble.

There was a rumor current that United States troops might be ordered out from Ft. McPherson to preserve order, and protect the negro in case he is caught, but at the fort it was stated that this report was without foundation.

It is believed that the negro being chased near Ingleside is the one who made the brutal attack on the Misses Lawrence. It is said that the place where he had slept in the woods was discovered and that it was bloody.

Another negro stated, too, that he had seen the man, and that his clothing was covered with blood.

The wildest rumors are flying everywhere, and the crowds are bent on meeting out speedy justice if the assailant caught.

It is feared that other negroes may be lynched in the excitement. A crowd of a thousand or more men gathered around the Lawrence home Thursday evening, expecting the negro to be brought there and had he appeared to charge of officers and been identified, there is no doubt that a lynching would have followed.

Friday morning the report that a negro was held near Decatur caused the crowd to go in that direction.

Around the home it was said to be quiet and it is hardly likely that the negro, if caught, will be carried there by the officers for indentification.

Sail for Holy Land.

Rockland, Me., Aug. 25.—The barkentine Kingdom and the yacht Corner, sailed Thursday with about 70 members of the holy ghost and United States colony at Shiloh for a destination carefully kept secret. As preparations had been made for a long cruise, it is believed the vessels are bound for the Holy Land, where F. W. Sandford, leader of the society, established a colony at Joppa a year ago.

Roosevelt Adopts Reform Spelling.

Oyster Bay, Aug. 25.—President Roosevelt has announced that he had adopted the Carnegie reform spelling and that he has instructed the public printer that all official documents from the White House, including the president's messages, shall be printed in accordance with the rehomendasions of a spelling reform committee headed by Brander Matthews, of Columbia university.

Real Estate Man Dies Suddenly.

Philadelphia, Aug. 25.—Frank K. Hippie, president of the Real Estate Trust company and a prominent figure in the financial circles of this city, died suddenly Friday at his home at Bryn Mawr, a suburb of Philadelphia. He was 67 years of age.

STEAMSHIP POLICE ARRESTED.

Employes of Ocean Steamship Company Charged with Theft.

Savannah, Ga., Aug. 25—E. C. Tabb, C. H. Ruth and Bernard McCabe, policemen in the employ of the Ocean Steamship company upon its docks and A. B. LaRoach, shipping clerk, were arrested Thursday afternoon upon warrants charging them with the theft of articles of merchandise from the wharves. The men gave bond and were released.

Accusation against the men was made by John Ray, a negro, who was arrested for having new shoes in his possession. He could give no adequate explanation as to how he had secured them.

It is charged that the men arrested have been accustomed to break open cases of goods at night and take such articles as they desired. The alleged thefts are said to have been going on for two years. Others than those arrested are said to have been engaged in the practice.

The Ocean Steamship company operates a line of steamers between Savannah and New York and Boston. The force of police it employes are under the superintendence of the local chief of police.

SALTON SEA RISING.

May Be Able to Restore Colorado River to Old Channel.

San Francisco, Aug. 25.—Southern Pacific officials state that the Salton Sea, in the Colorado desert, is rising less than an inch a day now and they expect in a few weeks to begin work on a plan by which the Colorado river will be once again restored to its old channel. This will probably cost the company $700,000. A large force of men and teams is to be employed to construct heavy embankments, where the river water is flowing into the old channels and thence into the Salton basin, which is 262 feet below the level of the sea. Engineers in the employ of the railroad, say that once the river is sent back into its old channel, the water in the so-called Salton sea, notwithstanding it is thirty feet deep in many places, will, through percolation and rapid evaporation under the terrific heat of the desert, all disappear within two or three years.

Seeks Pardon of Chinamen.

Savannah, Ga., Aug. 25.—General P. W. Meldrim has left this city for Atlanta to appear before the pardon board in the interest of Li Hop and Henry Lung, two Chinamen who were recently sentenced by Judge Cann in the superior court to confinement on the chaingang and $500 fine each, upon conviction of maintaining an opium room. General Meldrim presented to Judge Cann a petition signed by the members of the jury requesting him to commute the sentence. In this petition it was shown that the men are in wretched health, especially one of them, but Judge Cann will not change his sentence, maintaining that he has no right to do so, and that only the pardon board can act. It is said by a doctor that one of the men would die within three weeks on the chaingang.

To Try L. & N. Dispatcher.

Montgomery, Ala., Aug. 25.—Frank Young, chief train dispatcher of the Louisville and Nashville railroad, at Montgomery is charged with violating the Erdman arbitration law in a warrant sworn out before United States Commissioner Elmore by L. A. Tanquary, deputy president of the Order of Railroad Telegraphers. The case will come up for a preliminary hearing before Commissioner Elmore Monday morning. Mr. Tanquary alleges that B. A. Nesmith sought employment with the railroad as an operator, but was required by Mr. Young to enter into an agreement not to join the Order of Railway Telegraphers.

Will Investigate German System.

Washington, Aug. 25.—Several letters have visited the war department from officers and enlisted men of the army, who believe that the German manner of fencing is greatly superior to that used in the American army. The department has referred the letters to Captain Herman O'Kane, master of the sword at the West Point military academy with the request that he report upon the subject.

TWO MORE SHOCKS AT VALPARAISO, CHILE

Rain Falls, Increasing Suffering of People.

A SERIOUS EPIDEMIC IS FEARED

Another Severe Shock of the Earth Has Also Occurred at Santiago, Chile—700 Bodies Buried at the City of Valaparaiso.

Valparaiso, Aug. 24.—3 a. m.—There were two slight earthquakes here last night.

Rain began falling again this morning, increasing the sufferings of the thousands living in tents. Many have sought refuge in houses, whose walls are in a dangerous state of ruin.

It is now believed that if the rain continues two or three days longer, a serious epidemic is sure to break out.

Santago, Chile, Aug. 24.—10 p. m.—(Delayed in Transmission.)—Another severe earthquake shock has just occurred here. The news received here from Valparaiso, continues to confirm the worst impressions formed of the situation there. As a result of the strong measures taken to preserve order at least 150 robbers have already been shot. Bodies are still being taken out of the ruins, and thus far about 700 have been buried.

It is said that an epidemic is almost certain to occur at Valparaiso as a result of the unsanitary conditions existing there.

The houses here are being more and more damaged by the continuing earth shocks. In addition to the one which occurred at about 10 o'clock this morning, there was another shock this morning.

Valparaiso, Aug 23.—(Delayed.)—About 10,000 workmen are employed in clearing away the ruins here and in searching for bodies of those who lost their lives during the recent catastrophe and fires following in its wake. In the roofage of a house, the workmen found a child alive in a barrel which had protected it from harm.

Topeka, Kans., Aug. 25.—As president of the Kansas branch of the Red Cross Society, Governor E. W. Hoch Thursday issued a statement authorizing the vice presidents of the branch in every county in the state to solicit donations for a fund to be raised for the relief of the Chilean earthquake sufferers.

$10,000 Damage Caused by Fire.

Atlanta, Aug. 25.—At 1:30 o'clock Friday morning the Boston Bakery, 113 Whitehall street, caught fire in the rear of the building and the smoke soon spread into the tailor shop of H. Kaplan, 115 Whitehall street. It is estimated that the total damage as the result of this early morning fire will reach $10,000, and may assume an even greater figure. The Boston Bakery was practically gutted on the inside. All the goods of H. Kaplan were new ones, having just been received from New York, and a big part was damaged as the result of smoke and water.

Sheriff Makes 21 Arrests.

Lake Charles, La., Aug. 25.—A telegram from Oakdale, late Thursday afternoon, says that Sheriff Reid and his deputies have reached a point near there with 21 prisoners charged with complicity in the shooting affair at the Ten Mile Santa Fe construction camp. The telegram adds that more arrests will probably be made before those already apprehended are landed in jail. It is now stated that none of the construction employes were killed, but that 11 were wounded, several seriously.

Mexican Brokers Arrested.

Nogales, Ariz., Aug. 25.—The firm of C. Ramires, the largest customs brokers in the state of Sonora, Mexico, was closed by Mexican officials on a charge of making false entries on 74 car loads of wheat shipped into Mexico from the United States. Ramires and three clerks are in the Mexican jail. Other arrests are expected.

PRESIDENT BROWN IS COMING HERE

Will Meet the County Commissioners at Next Regular Session.

WANTS TO INTEREST THEM

Secretary Huffaker of the Fair Association Made a Good Talk at Last Meeting, But Report of County Association Was Not Forthcoming.

Hon. Thos. J. Laud Brown, president of the Florida State Fair Association and one of the most progressive citizens of Florida, expects to come to Gainesville on Tuesday, September 4, when he will meet the Board of County Commissioners and the Alachua County State Fair Association in the matter of securing an appropriation for the exhibit at the coming session of the State Fair, to be held in Tampa in November.

It will be remembered that F. L. Huffaker, secretary of the Florida State Fair Association, was here at the last regular meeting of the Board of County Commissioners. He appeared before that body, presented his argument, and explained to the board what a fine opportunity would be presented for Alachua county to again make a showing to the world—and a much better showing than last year, owing to the fact that the arrangement has been changed.

Secretary Huffaker made a strong and able argument, but owing to the absence of a report from the Alachua County Fair Association for last year, no action was taken, and a resolution was passed requesting that this report be forthcoming at the next regular meeting. The commissioners felt inclined to favor the appropriation, but desired to receive first a report for the former year before any definite action was taken.

The report will be ready at the September meeting of the board, so the manager says, and in that event something may be done.

Mr. Brown writes that he will be here on the date of the commissioners' meeting, and will present the matter before that board clearly. Under the circumstances it would be rather suicidal on the part of Alachua county to refuse to make a reasonable appropriation, and it is believed there will be no trouble in this direction.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

HAMPTONS AT SARATOGA.

Have Had a Fine Trip on St. Lawrence, Which They Have Enjoyed.

The Sun is in receipt of a letter from Hon. W. W. Hampton, requesting that his paper be forwarded to Saratoga, N. Y., until further notice.

Col. Hampton, who is spending the summer with his wife and family in the extreme northern section of the country, states in his letter that they have just returned from a trip from Thousand Islands to Montreal, P. Q. "It is a most beautiful and interesting trip," he said. "The St. Lawrence is the most magnificent stream I have ever seen."

After spending a week at Saratoga Col. Hampton and family expect to return to their home here.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

Bought Fine Stallion.

J. D. Stringfellow, who owns a fine stock farm near this city, has returned from Ocala. While there he purchased a fine stallion, a registered animal, which he proposed to place on his farm. The stallion has a pedigree from the best stock, and is a handsome animal. Mr. Stringfellow's friends are congratulating him upon his new possession.

Mr. Stringfellow is a lover, as well as a good judge, of fine stock and cattle. He has already a large number of fine Shorthorn cattle on his ranch, and only a few days ago disposed of a carload at fine prices. The Stringfellow stock farm is destined to become famous.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

A Jolly Crowd.

A jolly crowd went to the waterworks Thursday, where they spent the day on a fish chowder. Dave Robertson, one of the finest chowder makers in the country, prepared the dinner, and it is needless to add that the even dozen who sat around the board at dinner-time enjoyed their meal. As a chowder cook Mr. Robertson was voted a success.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at all drug stores.

OFF TO THE WEST.

Geo. W. Hyde Goes to Look After His Mining Interests in Far West.

Acting Postmaster Geo. W. Hyde left Thursday for Colorado, Nevada, Washington and other States in the Far West, where he goes to look after his various mining interests in these States.

Mr. Hyde, who has for years been a resident and business man, as well as a very prominent citizen, owns extensive gold and silver mining interests, and twice a year makes trips to the West to look after them. It will be remembered that shortly after the great earthquake he was in San Francisco, and brought as a souvenir of the fatal occasion a bended fencing sword to Col. I. E. Webster of this city, which Col. Webster yet has and will always retain with a great deal of appreciation.

Mr. Hyde expects to be absent about six weeks or two months.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Elks to High Springs.

T. B. Ellis, Jr., and J. D. Stringfellow returned Monday from High Springs, where they have been on a sad mission. As representatives of Gainesville Lodge No. 990, B. P. O. E., they went for the purpose of rendering any assistance possible to the bereaved family in the death of their brother Elk, E. C. Dickey, who died at High Springs early Thursday morning.

Mr. Dickey was a member of Lake City lodge, but inasmuch as Gainesville was so much more convenient of access, the Gainesville lodge decided to offer aid, and these two brothers willingly responded.

The sympathy of all brother Elks is with the bereaved family in their troubles.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Compliment to Mr. Lynch.

The appointment of Louis C. Lynch to be postmaster at Gainesville is an exceptionally good one. Mr. Lynch is a very courteous gentleman, whose only fault worth mentioning is that he is a Republican, but that fault in this case proved a virtue for it won him the office. His many friends, regardless of party, will rejoice in his good luck, but he will be missed from his desk by the patrons of the United States land office.—Levy Times-Democrat.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." WALTER WHITE HAS DIED FROM WOUNDS

Was Shot Several Days Ago by Unknown Party Near City

LOCK JAW CAUSED DEATH

Coroner's Jury Was Summoned and Viewed Body, When Adjournment Was Taken Until Today—A Mysterious Case Which May be Sifted Down.

From Friday's Daily Sun

Walter White, the negro who was called to the door of his home at the Haile place near Alachua a few nights ago and shot by an unknown party, died at his home in this city at an early hour Thursday morning from lock-jaw, as a result of blood poisoning, which set in from the wound.

The story of the shooting of White has been told before. However it may be repeated that about midnight of a certain night two weeks or so ago, some person called White at his home, and asked him to come to the door. He opened the door, and immediately a charge of buckshot was directed at him from a gun. White jumped back in an attempt to close the door, but before he could accomplish his purpose another shot was fired, the contents of the gun taking effect in his abdomen and lower limbs.

White was brought to his home in Gainesville, where he has lingered until death came to relieve him of his pains.

White was well known in this section, having been raised here. He was regarded as a peaceable and deserving young man. He had been employed as a farm hand on the Haile plantation for sometime, and remarked after being shot that if he had an enemy he was not aware of it.

A coroner's jury was summoned, composed of W. L. Denham, E. P. Lavoe, C. E. Hays, L. C. Ellis, G. F. Mason and B. F. Dawkins. The jury viewed the body and adjournment was taken until this morning at 9 o'clock, when the case will be continued in Justice Colman's court.

Justice Colman is acting as coroner.

THE WHITE INQUEST.

Coroner's Jury Has Adjourned Case Until Next Monday Morning.

From Saturday's Daily Sun.

The coroner's jury in the case of Walter White, who died from the effects of a gunshot wound inflicted on the Haile plantation a few days ago, met at the office of Coroner Colman Friday morning, but owing to the absence of important witnesses in the case, continued the case until Monday morning, when the witnesses have been summoned to be present.

White, who died Thursday night, was buried Friday.

DEATH OF MR DICKEY.

Well Known and Popular Young Man of High Springs Passes Away.

High Springs, Aug. 24.—The death of Mr. E. C. Dickey, which occurred Wednesday night at 1:30 o'clock, has cast a gloom over the entire town.

His strong personality and genial charm of manner won friends and admirers among all who were associated with him. His loss will be keenly felt by the secret orders to which he belonged—the K. of P., the I. O. O. F., the Red Men and the Elks, he being a very active member in each. He was Past Chancellor and Secretary of the K. of P. Lodge and representative of the Grand Lodge. In the I. O. O. F. Lodge he was Past Noble Grand, and in the Red Men, Past Sachem. He belonged to the Elks' Lodge at Lake City. Of the labor organizations, the Brotherhood of Boilermakers claimed his membership.

His death was due to typhoid fever of a malignant type. Everything that medical skill and nursing could do to avert the calamity was done, but without avail and he fell a victim to the Grim Destroyer in the prime of young manhood.

He was a native of Thomasville, Ga., to which place his body will be taken today for interment under the care of his two brothers who had been summoned to his bedside.

The deepest sympathy of his associates in the railroad departments, the fraternal societies and the townspeople at large is extended to his young widow and members of his family.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

A Serious Runaway.

Considerable excitement prevailed upon the streets about 11:30 o'clock Friday morning, when the horse attached to the delivery wagon of J. H. Vidal, the groceryman, decided to give an exhibition at sprinting.

The animal became frightened at something, evidently a huge piece of paper that was wafted by the gentle summer breeze before him, at the corner of West Main and Masonic streets. Without warning he darted suddenly up the street, and the little negro boy who was driving yelled vigorously for help. In the meantime the speed of the animal was increasing, and at the corner of West Main and Union streets the vehicle collided with an iron post, which threw the boy off the seat about fifteen feet into the street, and put the wagon out of business. The horse, however, dragged what was left about half-way down the block and stopped.

As a result of this runaway Mr. Vidal must expend considerable money in replacing two wheels, to say nothing of the inconvenience he will experience in being out the use of the wagon.

TUTTLE FROM COLORADO.

Says Colorado is a Fine State, But He Will Be Content With Florida.

H. H. Tuttle, a well known resident of Gainesville, has returned from Colorado, where he has been for the past three months. Mr. Tuttle is a gentleman of exceptional ability, and for this reason is capable of securing a position anywhere at any time. He held a good position here until a few months ago, when he lost his wife, and since which time he has been discontented, as the scenes of the last days proved too much for him, he thought. He finally decided to go West, and Colorado was his objective point. He spent a greater part of his time at LaMar, Colorado, but visited several other places.

"Colorado is a good country," he said Friday in speaking to a representative of The Sun, "but in view of the fact that you see me back in Gainesville you may infer that I think Florida is pretty good, too. I am in Florida again, and I propose to remain here as long as the good Lord spares my life, for I do not believe there is a better State in the Union, or a better country on the globe for the average man. While I have been the victim of the saddest and most heart-rending circumstances here, that would have happened anywhere, and I am willing to stick to Florida in general and Gainesville in particular."

Mr. Tuttle stated that the wage scale in Colorado is greater than here, but that the cost of living is greater, which makes the wages comparatively the same.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

Board Public Works.

The Board of Public Works met in the office of Col. H. F. Dutton Friday. There was no business of especial importance, the regular routine having been disposed of.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison sufferer who depends on them for a cure is sure to be disappointed. These minerals will remove the external symptoms and shut the disease up in the system for a while, but the trouble will surely return and the loathsome symptoms of sore mouth and throat, copper-colored spots, falling hair, sores and ulcers etc., will be accompanied by the disastrous effects of the treatment. The continued use of these strong minerals will completely ruin the health and weaken the system to such an extent that the original disease often becomes incurable and sometimes fatal. Mercury and potash eat out the delicate lining of the stomach and bowels, destroy the gastric juices, producing chronic dyspepsia, cause mercurial Rheumatism, salivation, and where they are taken in large quantities cause necrosis or decay of the bones. S. S. S. is the only remedy that can cure Contagious Blood Poison surely and safely. This remedy of nature, made entirely of roots, herbs and barks, antidotes and destroys the powerful virus of the disease and by purifying the blood of every particle of the poison and enriching and strengthening this vital fluid it removes every symptom and leaves the body in a strong, healthy condition. When the blood has been purified with S. S. S. the cure is complete, and not one vestige of the poison is left for future outbreaks. Do not waste valuable time, and damage your health with the mineral treatment, but cure your case with S. S. S., an absolutely safe remedy. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral. Book with instructions for self treatment and medical advice without charge.

Theodore Roosevelt is going to Panama, and if the canal dirt doesn't fly some of the bosses will.

The "ideal husbands" and "ideal wives" are often found without ideas enough between the two for one good one of either kind.

If there is a chance to boom business, boom it. Don't put on a long face and look as though you had a stomachache. Hold up your head, smile and look for better things. Hide your little hammer, and try to speak well of others, no matter how small you may know yourself to be.

There are pillows wet by sobs; there are gentle sensitive natures seared and warped; there are old-time friends separated and walking their lonely ways with hope dead and memory but a pang; there are cruel misunderstandings that make life bare—these are but few of the sorrows that come from the crimes of the tongue.

It is gratifying to note that many of our citizens are taking active interest in improving their homes and grounds. A little effort on the part of each citizen would make Gainesville the leading city of Florida in point of beauty and attractiveness. Nature has been liberal with us in the matter of natural resources and it only remains for us to develop them.

Many stories have been told about the long telegraphic messages sent by women, as if the feminine mind were incapable of expressing itself concisely. How false and slanderous such an impression is is well shown by the following incident. A gentleman went to London on business. As he left he said something to his wife about buying her a new dress. Just before starting homeward he wired to his wife: "Which shall I bring you—a diamond ring or a silk dress?" The reply was concise and explicit—"Both."

WORRY MAKES DISEASE.

Do you remember the old style almanac of your boyhood? Perhaps you can see it in your mind's eye, occupying its place of honor beside the kitchen stove—a household oracle, often consulted.

And do you remember how you, the boy, after puzzling over the zodiac which invariably appeared on the second page, and laughing for the hundredth time at the feeble jokes, began to read about the symptoms of disease for which the exploited patent medicine was a panacea?

For instance: You read that "shortness of breath and palpitation of the heart after vigorous exercise" was a symptom of heart disease. Sure. You had the symptoms. And for almost every ill described you could find a corresponding diagnosis.

Only you did not worry about it much. And in that respect you differed from the adult who gets a like idea from reading the advertisements of cure-alls and testimonials of marvelous recovery.

"As the man thinketh in his heart so is he."

A man gets it into his head that his heart does not work just right. He worries about it. Worry prevents sleep. It interferes with digestion. There is lack of nourishment, derangement. Each condition aggravates the other. The man is "run down." He is really sick. And in the end there is a case of functional difficulty. The man has real trouble with his heart and other organs. He has brought it about by wrong thinking.

"As a man thinketh in his heart so is he." There is a profound truth in the Scripture. He who thinks heart disease or liver trouble or stomach derangement will get these troubles. Any physician will tell you so.

And in large measure, the converse is true.

He who thinketh he is in health, and persists in so thinking, will be in health. He says to himself over and over: "I am strong and vigorous." He keeps on saying that. And by the marvelous power of mind over matters he comes finally to be what he thinks he is.

That is all there is to auto-suggestion, or suggestive therapeutics, or whatever you may choose to call it. The medical world is beginning to admit that other things being equal—

Crooked thinking makes diseases.
Straight thinking makes health.

THE TARIFF ON SALT.

Every three people, on the average, use a barrel of salt a year. The total amount consumed last year was 26,872,700 barrels, which included only 1,151,133 barrels imported from foreign countries. The tariff duty on salt is 12 cents per 100 pounds in packages and 8 cents per 100 pounds if imported in bulk. This amounts to 33.32 per cent duty on salt in packages and 83.16 per cent duty in bulk, according to the government statistics of imports for 1905. This large protective tariff duty allows the salt trust to charge about double the price salt would sell for than it would if the duty was abolished. So when the farmer buys a barrel of salt about one-half the price he pays is increased profit to the trust, because the trust is protected from competition. The salt imported in in packages cost in the country from which it was imported 40 cents per hundred pounds, and the salt in bulk 10 cents per hundred pounds. Salt can be made here at about the same cost as abroad, so the profits of the trust, it will be seen, are enormous. As the salt trust is protected by the tariff from 33 to 83 per cent, or an average of over 53 per cent, every family has to pay about double for what they use in consequence of this special protection to the trust. The salt trust is but one of the many trusts that plunders the American people, and yet the Republican leaders have decided to stand pat and let the plundering continue.

A TARIFF DILEMMA.

In Iowa the Republican factions are discussing the question whether the party has "out loose from the President" by nominating Cummins, who is not a stand-patter. It does seem rather unfortunate for the Cummins faction to appear in that light, but they will have to lay the blame on President Roosevelt for deserting them and now being on the wrong side of the tariff issue. But a much more important matter for the voters of Iowa to discover is how the Republican candidates for Congress stand on the tariff issue. Are they pledged to

"stand pat" and refuse to revise the tariff?—that is, carry out the agreement made between President Roosevelt and Cannon to run a stand-pat campaign. Or do any, or all of those candidates for Congress stand with Gov. Cummins, who has been for tariff revision? It would seem that the Republican voters of Iowa who believe that the tariff shelters trusts will have to use great discrimination when they vote, and need to question their candidates for Congress as to just where they stand on the tariff issue. To vote a straight Republican ticket for Congressmen would be an endorsement of the "stand-pat" agreement and be looked upon as a command to put off tariff revision for an indefinite period.

A press dispatch from Chicago reports that "the President does not deem the new meat-inspection bill watertight." Nor is that the worst of it, for the same dispatch says: "Under the new regulations the packers lose that which is declared unfit. If a more rigid examination is made before the cattle are shipped or offered for sale much of this loss would not fall on the packers" Secretary Wilson is in Chicago to arrange for close inspection of cattle at points of shipment. This can only mean that the Administration is trying to prevent loss to the beef packers and throw the burden on the farmers, but it would seem that the packers are amply protected, for they are not compelled to buy cattle that are not in good condition when they arrive at the stock yards. The farmers and stockraisers should insist on a square deal, and that the Administration carry out the law fairly and not attempt to protect the packers, who are quite able to care for their own interests.

These college professors may not be very far ahead of future legislation. We spend through Washington now $7,000,000 a year in developing plant life, but not a dollar to discover a preventive of pneumonia. In ten years the Department of Agriculture has expended nearly $50,000,000 in developing products of the soil, but there is no bureau with money for the development of the more than 1,000,000 infants every year. It is true that Drs. Wiley, Atwater and Benedict have done wonderful work, but within a limited sphere, in the preservation of infant life. While they have worried for a little money to carry on experiments, a million has gone in stamping out cholera among swine. Professor Norton estimates that during the next census period more than 6,000,000 of infants under two years of age must succumb, yet with proper knowledge of preventable diseases this number could be cut in two.

The United States is the only country in which the son of the poorest mechanic or laboring man may become its ruler and where the daughter of a farmer may become the wife of a President and the mother of Senators. It is the only country where all earthly honors are within the reach of every citizen and where it depends upon the individual himself whether he will be a Senator or a street-sweeper, a railroad section hand, a millionaire or a pauper, a general or a policeman, a banker or a bankrupt.

The army scandal in the Philippines which is now being investigated shows that army officers and civilians have made it a practice to have their furniture made and repaired at the Government shops. Many officials are involved and it is said there is a bill of $5,000 against General Corbin. When will the scandals under this administration have an end, and not one-half has been told yet, and perhaps never will be unless a Democratic Congress is elected and investigates all the departments.

Of course he is only a horse, maybe a livery horse at that, but he has feelings just the same, and you are a mighty sight poorer specimen of a man than he is of a beast if you do no respect them, particularly during the hot weather. Water often, stop for rest frequently, if the work is hard. Cut out the tightly drawn check rein, forget the whip, and let him jog along as easy as is possible. Just suppose, for instance, that you were a horse.

The Starke Telegraph has been publishing for the past few weeks the opinions of the leading citizens and business men of that town on the effect of one year's prohibition, the saloons having been closed in Starke in June, 1905, and in every case the sentiment is in favor of the town remaining "dry." The merchants state that business has been better, the banks have more depositors and more money on deposit, the receipts of the postoffice have greatly increased, and things generally seem in a more prosperous condition than when the saloons were in operation, while the effect from a moral standpoint has also been great, the number of arrests during the past year showing a large decrease over the preceding year.

THE NEWS FROM ARCHER.

An Approaching Marriage—Other Notes of Personal Interest.

Archer, Aug. 25.—E. T. DePass of Dallas, Texas, who came to attend his father's funeral and arrived too late, returned to his home Friday.

Mr. and Mrs. F. G. Bauknight have issued cards announcing the marriage of their daughter, Alda, to Edward Drake of Brooksville. The wedding take place in the Methodist church here at 8 p. m. Thursday evening, the 30th.

R. B. Hodgson has been quite ill with fever for several days, but is slowly recovering.

C. D. Wood has returned from a business trip to Baltimore, and a visit to his old home in Ohio.

Mrs. C. W. Bauknight is home again after a two-weeks' stay in New York City. She met her daughter, Miss Leila, who accompanied her home.

Mrs. Milne of St. Petersburg is visiting friends in Archer. She left Friday to spend a few days in Micanopy.

Dr. DePass and family will leave on Monday for Suwannee Springs, where they will remain a week.

ARCHER TO ASYLUM.

Demented Negro Will be Taken to Hospital for Insane Today.

All papers have been signed for commitment, and William Archer, the colored man who was brought to this city from Newberry in a demented condition a couple of days ago, will be taken to the hospital for the insane at Chattahoochee today.

Archer has been employed by Dr. Williams near Cadillac. For some time it was noticed that he acted queerly, and a few days ago he became violent, imagining that he was a steam engine, when he would run about the place puffing and blowing violently. He was taken before a committee at Newberry and was adjudged insane. On his way to Gainesville it became necessary to secure him with ropes, so violent did he become.

COTTON CROP WILL FALL AWAY SHORT

Hundreds of Acres of Fleecy Staple Have Been Abandoned.

TWO REASONS FOR THIS

The Continued Rains of Early Spring and the Scarcity of Labor Are the Causes—Cotton Opening Rapidly. Labor Yet Scarce.

T. H. Cato and family passed through the city Friday en route from Alachua to Seabreeze, where they will spend a couple or three weeks.

According to Mr. Cato's statement, the yield of cotton in the Alachua section will fall about one-third short of former years. This has been due to two reasons—first, the continued prevalence of rains during the season of cultivation, which caused the plant to shed its leaves and die from too much water, and the second, the absolute inability of the planters to secure labor. He recalled instances of many tracts, embracing an aggregate of hundreds of acres, which had been abandoned simply because it was impossible to cultivate same under the existing conditions.

Mr. Cato states that the plant, or that part of the crop which has been cultivated, is opening very rapidly, and the trouble now comes to secure hands to gather it. One bale has already been ginned of this season's cotton at Alachua, having been turned out by the Turner ginnery. All gins will be running soon, but the season will be a short one.

"The time is coming when we farmers must quit fooling with so much cotton and go to raising more staples," Mr. Cato said. "We must plant more grain and staple stuff that we can depend upon at home, and raise more stock. This can be done with one-fourth the labor and expense, one-fourth the worry, and in the end to a great deal better and profitable and most satisfactory advantage."

Mr. Cato is a firm believer in the future of Florida as a stockraising country. He realizes, he says, that good cattle and hogs will always realize good prices, and that is the solution of the farmer today, who is compelled to contend with the farm labor question against the prices paid by turpentine and sawmill men.

SECOND EXAMINATION TO BEGIN TUESDAY

State Supt. Holloway Will Give Applicants a Second Chance.

THERE ARE MANY APPLICANTS

In Point of Numbers the Applicants Will be Almost as Many as Took First Examination—Work Will be Given at University High School.

In compliance with the circular from the office of State Superintendent of Schools W. M. Holloway several weeks ago, a second examination of teachers' certificates will be held in this city, beginning on Tuesday, the 28th inst.

The object of this examination is to give the teachers who did not take the first examination, and who have been attending the Normal school just closed here, an opportunity. Professor Holloway will personally conduct this examination. He will arrive in the city Monday, and on Tuesday morning will get down to business.

The examination will be conducted in the auditorium of the University High School.

WILD WEST SHOW.

Pedestrians Very Highly Entertained by Bucking Western Bronchos.

A great deal of amusement has been experienced upon the streets of Gainesville for the past three or four days which was destined to make a fellow believe he was in some Western frontier town. A carload of bucking Texas bronchos, wild from the prairies of that great State, have been quartered here, and corps of experienced horsemen has been employed to break them. The result is exciting scenes, but the trainers usually master the "buckers," after an hour or so and a barrel of fun for the spectators which would put Buffalo Bill's or any other Wild West show to the bad.

ANOTHER BLIND TIGER IS IN THE CAGE

Officers Raided Place of Henry McMillan Friday Night.

FOUND PLENTY OF BOOZE

McMillan Has Been Suspected for Some Time of Selling Whiskey Without a License, and Was Caught Cleverly When He Refused to Open Chest.

Another alleged "Blind Tiger" has been captured in Gainesville, and this time it is Henry McMillan, a colored man who resides in the vicinity of the Seaboard Air Line depot who has been leading the "tiger."

Deputy Sheriff L. E. Story and Policemen Kite and Bruton went to the house occupied by McMillan at a late hour Friday night and raided the place. They found in a carpenter's locker, the keys of which McMillan refused to surrender, a quantity of liquor and three bottles of beer, and as there had been evidence already secured, so Officer Story says, that he was selling liquor, he was placed under arrest and the liquor found in his possession confiscated.

McMillan was arraigned in Justice Colman's court on Saturday afternoon, when he waived examination, whithout an attorney, and was required to furnish a bond of $500. In default of this bond he was sent to jail, where he will await the action of the grand jury at the fall term of the court.

Officer Story states that he found in the chest to which McMillan refused to surrender the key, and which was broken open, four quarts of liquor and a number of bottles of beer. There were also about the premises a hundred or more empty bottles, ranging in size from a half-pint to a quart.

MR. SMITH IS HOME.

Attended a Beneficial Meeting of Photographers in Niagara Falls.

J. F. Smith has returned from Niagara Falls, N. Y., where he has been in attendance at the annual convention of the Photographers' Association of America.

Mr. Smith is well pleased with his trip, and feels that he is well repaid for the time spent at the convention. There were many new styles in shapes, sizes and finish, which will prove of great advantage in giving the customers of this section what is new and up-to-date.

There were present at this meeting about 1,200 delegates, representing the United States, Canada and South America.

Upon returning home Mr. Smith came by way of Boston, where he visited an old friend.

Mr. Smith will be ready for duty Monday morning, and invites his friends and the public generally to call and see him.

MR. LYNCH TO WED.

Will Take a Pretty Georgia Girl For Bride in a Few Days.

Among the visitors to this city is Chas. M. Lynch of Jacksonville, formerly of this city, who is here on a visit to his brother, Louis C. Lynch.

Mr. Lynch is now engaged in the brokerage business at Jacksonville, the firm-name being Baker & Lynch. Friends will be glad to learn that he is enjoying a fine trade.

But the greatest blessing to Mr. Lynch is about to come. Invitations have been been issued announcing his approaching marriage on the evening of Wednesday, September 5, to Miss Ada Lawton Morgan, the accomplished danghter of Mr. and Mrs. H. C. Morgan of Savannah, Ga. Miss Morgan is one of the belles of the Forest City, and a young lady of rare attainments.

Immediately after the ceremony Mr. and Mrs. Lynch will take a bridal tour, visiting Washington, New York and other points. Upon their return they will make their home in Jacksonville.

Mr. Lynch has many friends in this section, his old home, who will extend congratulations in advance.

PRIVATE NORMAL CLOSED FRIDAY

A Most Profitable and Beneficial Session for all Concerned.

THERE WERE MANY STUDENTS

Who Remained Here After the Close of the State Normal for the Purpose of Continuing Studies in Which They Were Not Yet Quite Proficient.

The private normal school, which has been operated under the direction of Profs. P. W. Corr and Geo. M. Lynch since the closing of the regular State Normal, concluded its term Friday, after a most successful session which was well attended.

This normal was a great advantage to those teachers who attended the State Normal, as many desired to complete the course. Through this means they were enabled to do so, as many studies which it was impossible to carry through with any degree of success were finished up by this special or extra term.

Professor Lynch, who has been elected president of the Jasper Normal Institute, one of the oldest and most widely known normal institutions in the State, has already gone to Jasper, where he is arranging for the opening of the fall term of the school in September. He will shortly be followed by Dr. Corr and his daughter, who will also be members of the faculty. Dr. Corr is an educator of prominence and ability, and his daughter is also receiving recognition for her efficiency in this direction.

The special term of the normal was well attended from every section of the State, and all students expressed themselves at the close as being well pleased.

FACTS ABOUT THE G. & G. EXTENSION

Contract for Grading Fifty-two Miles South of Crystal River

AWARDED TO W. H. JONES

Work Will be Pushed Through Without Further Delay—Contract Calls for Grading as Far South as Brooksville. Road Will be Finished Soon.

The Times-Union of the 23d inst. has the following to say regarding work on the extension of the Gainesville and Gulf Railway:

"Work is to be commenced by September 1, and pushed to an early completion on the Tampa and Jacksonville Railway.

"The contract was awarded in Gainesville yesterday by General Manager C. N. Atkinson to W. H. Janes of Mayo, Fla., for the grading of fifty-two miles of the roadbed for the Tampa and Jacksonville Railway Company.

"Mr. Jones arrived in the city last night from Gainesville and when asked for details of the award, stated that while he could not yet go into details, he could, and would, state that it was his intention to have the work begin by September 1, and pushed as rapidly as possible.

"The portion of the road embraced in the contract awarded Mr. Jones extends from Crystal River to Brooksville, a distance of twenty-eight miles, and three from Brooksville to the Withlacoochee river, on the route to Tampa, a distance of about twenty-five miles.

"The Tampa and Jacksonville Railway Company is the new name for what has formerly been known as the Gainesville and Gulf Railway. The new company will push the work and it is their intention to have a road completed and in operation as soon as possible from Jacksonville to Tampa. It is claimed that the proposed route will be at least fifteen miles shorter than the Seaboard Air Line and forty-three miles shorter than the A. C. L. railway, via. Sanford.

"Mr. Jones expects to establish headquarters in Jacksonville and will sublet the contract in short sections, so as to have the work done as speedily as possible."

HUFF CHILD WAS BITTEN

Father Passed Through City With Child and Dog En Route to Atlanta.

O. D. Huff, a prominent citizen of Evinston, passed through the city Thursday en route to Atlanta with a little four-year-old son whom he thinks was bitten by a dog afflicted with rabies.

Mr. Huff also had the dog boxed, and was taking it along with the child to the Pasteur Institute at Atlanta. He states that the animal acted queerly, suddenly jumping at the little fellow and biting him in the face. While there is no certainty that the animal was mad, Mr. Huff wants to be certain, and it is for this purpose that he is taking the child and the dog to Atlanta.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

THE SUDDEN DEATH OF MR. DAVIDSON

Suffering From Heart Failure Fell Dead at Fairbanks.

FATHER OF MRS. LYNCH

The Death Came As a Sudden and Horrible Shock to Her, and Her Friends Sympathize Deeply With Her. Funeral Will be Held Monday.

From Saturday's Daily Sun.

As a result of heart failure [illegible] Davidson, millwright and engineer at the plant of John P. Lynch, Fairbanks, fell dead while on duty Thursday.

Deceased was a native of [illegible], N. Y., and was sixty-seven years of age. He was a veteran of the Civil War, having served with credit in the Union army in a New York regiment of infantry. He has been for many years in Florida, however, and resided in and about Jacksonville until a few months ago, when he accepted a position with Mr. Lynch at Fairbanks. He was the father of Mrs. Lynch, to whom he appeared greatly devoted.

At the time of this fatal [illegible] Mr. Lynch, proprietor of the [illegible], a son-in-law of the deceased, was in Jacksonville, having [illegible] there on business. [illegible] learned the sad news he [illegible] mediately to Fairbanks.

The remains were [illegible] city and turned over to [illegible] McClellan. The body was [illegible] and, pending the arrival [illegible] many of whom reside [illegible] States, the remains [illegible] charge. The funeral will occur Monday, the interment being in Evergreen cemetery, this city.

Friends of Mrs. Lynch in this city and elsewhere will extend sympathy in her hour of bereavement.

ELKS' HOME PLANS

They Were Submitted in Sketch at Meeting Thursday Night.

A most interesting meeting of Gainesville Lodge No. 999, B. P. O. E., was held Thursday evening, when two candidates were initiated into the mysteries of Elkdom.

Another interesting feature of the meeting was the fact that the building committee presented sketches of plans for the elegant new home, which will be located on the corner of West Liberty and South Pleasant streets. The plans, which are being made by Architect Edwards of Columbia, S. C., will be up-to-date in every way.

The committee on building was continued, with instructions and power to act. As soon as the plans are completed, which will be within the next few days, bids will be advertised for and the contract for alteration of the building which at present stands as a magnificent residence, will be let.

While this home will not be as large as some, it will be ample for the accommodation of Gainesville Lodge and its friends, and will be among the most modern and up-to-date in the State.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily decline. Price 50c. Guaranteed at all drug stores.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" is in The Sun.

From Friday's Daily Sun.

O. L. Feaster, the merchant of Micanopy, was transacting business in Gainesville yesterday.

Dr. William Lancaster of Fannin was among those who made Gainesville a visit yesterday.

W. J. Slaughter, a progressive farmer of the Wannee section, was trading in the city yesterday.

Mrs. H. C. Denton has returned from a delightful visit to Portsmouth, Va., where she has has been as a guest of Mr. and Mrs. B. B. McCaw.

Strayed, from my home in North Gainesville, one two-year-old iron grey mare colt. Notify H. C. Roth, P. O. Box 275, and receive reward.

Postmaster S. T. Dell of Alachua, and one of the most popular young men in that section of the county, was a business visitor to this city yesterday.

Mrs. Annie Sale and family have removed from 508 E. Lassiter street to the Seagle cottage, East Main street N., where they will be glad to see their friends.

Notice—Taken up, one bay pony about four years old; nick tail. Owner can have same by paying expenses and cost of advertising. Windsor Cook, Orange Heights, Fla.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin diseases this salve is unequalled. For sale by all druggists.

Mr. and Mrs. W. A. Adams are rejoicing over the birth of a fine boy, which occurred at the home of Mrs. Adams' parents, Mr. and Mrs. M. G. McCarroll, West Arlington street. Friends extend congratulations.

Mr. and Mrs. J. J. Slappey of Micanopy were in the city yesterday. They were en route to Georgia, where they will spend a few weeks with relatives. Friends in this section wish them a pleasant and beneficial visit.

Mrs. W. H. Lee and daughter, little Miss Ola, were in the city yesterday from Melrose. They were guests of Mrs. Lee's brother, Dr. J. H. Alderman. B. J. Alderman, a brother of Dr. Alderman who resides near Brooklyn, was also here.

J. W. English of Tacoma, one of the clever and successful young farmers of that section, was trading in the city yesterday. Mr. English states that everything is quiet in his section just now, but the planters and others as a rule are in fine condition.

Dr. Andrew Sledd and family, who have been since their arrival here residing in the home of Major W. L. Floyd, have rented the Phillips house, corner East Main and East Orange streets, where they will in future be at home to their friends.

J. P. O'Dell of Micanopy, the clever and efficient agent of the Gainesville and Gulf railroad at that point, was in the city yesterday. Mr. O'Dell has just returned from South Carolina, where he has been for the past few weeks visiting friends and relatives.

Notice—Horses and Mules for Sale—W. R. Thomas has gone to Kentucky, where he has personally selected a carload each of fine horses and mules for this market. They are expected September 1st, and will be placed on sale at his stable at prices you cannot afford to miss. If you want a good animal, wait for the arrival of this stock, select what you want and pay a reasonable price.

A horse belonging to the W. R. Thomas stables, which was being driven between Gainesville, Rochelle and other points, was taken sick near Prairie Creek on Wednesday night, and for a time it seemed that the trouble would be serious. Stableman Howell was notified and went to the scene, and after considerable work revived the animal sufficient to walk to the city. Mr. Howell was engaged all night in administering medicines and otherwise giving the animal attention, with the result that the horse was saved. It is a very valuable horse, especially for the purpose for which it was being used.

From Saturday's Daily Sun.

Thomas Fowler of Wannee was transacting business in this city yesterday.

E. B. Bethea of Jennings Lake was a business visitor to this city yesterday.

F. G. Bauknight of Archer was transacting business in this city yesterday.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

The house so long occupied by Mrs. Annie Sales and family, E. Lassiter street, and owned by C. W. Chase, has been moved to North University street, and will be repaired and fitted up in a most up-to-date manner. When completed it will make one of the most desirable residences in that section of the city.

Deputy Sheriff F. S. Curl of Archer was among the visitors to this city yesterday. Mr. Curl is not only a good officer, but has proved himself a successful farmer and grape grower. He has harvested during the past season from one arbor of a quarter of an acre sixteen bushels of grapes, which have brought good prices. He believes in grapes as a money crop.

The G. W. Hyde Company continue to advertise bargains in summer goods. They very sensibly state that there are two months of summer yet; that they have a large stock of summer goods yet to be disposed of, and if you can do nothing with summer goods now, it would pay to buy them at this sale and lay them away for next season's wear. Go to Hyde's and take advantage of the bargains.

News has been received in the city of the death at Fort White of Mr. James Affleck, a former resident of Gainesville, and father of Mrs. Lewis G. Ellis. The body will be brought to Gainesville and funeral services will be held at Holy Trinity Church at five o'clock. The interment will be at Evergreen cemetery. The regular afternoon service at Holy Trinity Church will be omitted.

Among the visitors to this city yesterday were J. N. Haymans and son, John, of Island Grove. Mr. Haymans is a member of the firm of J. J. Haymans & Bro., general merchants, Island Grove, who recently had the misfortune to lose their building and stock by fire. The loss was about $3,500, $2,500 insurance. The firm will re-establish as soon as a building can be erected and the stock secured. Friends of the firm sympathize with them in the loss.

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or in recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 92 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:02 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm this afternoon. The engine of the flyer was thrown from the track and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experience.

Anglesea, N. J., July 29.—Two yachts capsized in Hereford inlet bar off here today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the rough sea was due to the heroism of Capt. Ludlam of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 28 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

THE UNRESTRICTED ACCIDENT POLICIES

OF THE GENERAL ACCIDENT ASSURANCE CORPORATION

Cover every accident.

Pay weekly indemnity for disability, total and partial.

Pay large specified sums for death, loss of limbs or sight.

The Beneficiary named in the policy is also insured WITHOUT EXTRA CHARGE.
